Uniform Care

1. The colored uniform and grey jacket may be washed in cold water.
 2. DO NOT put in the dryer
 3. Lay uniform out to dry...do not hang up to dry or uniform will stretch.
- The competition uniform should always be transported in the PROVIDED garment bag.
 - The uniform should always be hung on the PROVIDED hanger exactly how it has been demonstrated to you in classes. This is VERY IMPORTANT. If not hung correctly, the uniform will stretch and not fit you correctly.
 - On the buses, students should wear their undergarments and bodytight with shorts and a t-shirt over it. When we arrive at the competition site, students will then put on the white pants and jacket.
